

Lunch and learn

2 ways to get to know us better:

- Technical lunch and learn at your office
- Technical lunch and learn at our factory (1st Friday of the month)

We will do a general hovering of the following equipments:

Subjects	Time allocated
Tanks: made by Cy-Bo or rotomolded in distribution	20 min
Ventilation & Air treatment: activated carbon towers (TCA) & scrubbers	10 min
Water treatment: clarifier, tanks, instrumentation	5 min
Dosing/injection and transloading	5 min
Distribution products : pumps, valves, piping, tanks & components, filters, etc.	10 min
Purified water / IR fusion, PP-h & PVDF	3 min
Miscellaneous: machining, flexibles liners and fiber glass	5 min
Questions	7-10 min or +

Contact us to schedule your next lunch and learn conference or participate in our plant visit every first Friday of the month at 12:00.

In both cases, we propose a healthy meal and technical matter...
No sales pitch!
