

BLUE SEAL™

INDUSTRIAL GRADE THREAD SEALANT

Product Description:

- Heavy duty, grit-free formula. Excellent for industrial applications and pipe lines in high vibration environments.
- Contains finely homogenized PTFE (Teflon®) particles for filling cracks and thread imperfections – ensuring a leak-proof seal.
- For sealing and lubricating all metal and plastic (ABS, PVC, CPVC, Polypropylene & Nylon) piping systems carrying various materials, including air and gasses (compressed, manufactured, or natural), ammonia, brine, acid (diluted), caustic alkalis (diluted), corrosives, freons, fuel (diesel, gasoline, jet fuel, and kerosene), oils, petroleum, propane, solvents, steam, sugar, and water. Not recommended for oxygen, fluorine or liquid sodium systems.
- Applicable for pipe pressure rating: liquid up to 10,000 PSI and gas up to 3,000 PSI.
- Contains no VOCs.
- 3 year shelf life.
